H. C. PADDOCK & SONS, Publisher

PRICE \$2.00 PER YEAR

## ASKS \$200,000 FOR SWIMMING POOL & PARK

### SUGGESTS PARK DIST. INCLUDE ALL VILLAGE

#### Outsiders Want to "Get In" on Any Park Facilities Provided

Arlington Heights has grown a lot in area since the organization of its park district and with the result that any projected park improvements that might become available would only rightfully be available to those residents of the village who reside in the "close in" district.

At a meeting of the Arlington Heights park district Tuesday evening, a delegation of four men, representing various parts of the village, not now included in the park district, asked the park board to adopt a resolution calling for legal guidance upon the measures necessary to be taken to have the boundaries of the park district coincide with the boundaries of the municipality.

The necessary resolution was previously presented by Commissioner Elmer Crane. The men upon the special committee asking for the change were: W. A. Miles, chairman, of Stonegate; Otto Schwartz, of Scarsdale; Albert F. Long, of North Dunton and George A. Glaw.

Mr. Miles stated that for a long time he and others had enjoyed the improvements in the park that have been maintained by the park district and he felt it was only fair that the entire village have a part in their maintenance and a definite right in their enjoyment. Similar expressions were made by the other members of the committee. All stated that they would circulate the necessary petitions in their respective neighborhoods for the calling of a special annexation election.

To proceed, the measure must be carried by both the present park district and the territory to be annexed.

The board adopted the resolution submitted by Mr. Crane and authorized the employment of Attorney Hugo J. Thal to handle legal matters. A motion of thanks was passed directed to the above committee for interest shown and offers of assistance.

August 12, 1935

To The President And Commissioners Arlington Heights Park District, Gentlemen:

Whereas the Arlington Heights Park District as at present incorporated, includes only a portion of the Village of Arlington Heights, and

Whereas the citizens residing in that area of the Village of Arlington Heights which is not now included in the Arlington Heights Park District, have access to and enjoy the same privileges as the citizens who reside within the said Arlington Heights Park District insofar as the Park facilities are concerned, and

Whereas additional improvements and Park projects are being sought by the Citizens of the Village of Arlington Heights and of the Arlington Heights Park District, which if and when completed, will be of mutual benefit, and with the cost of said improvements and Park Projects, being borne by the taxpayers located within the incorporated area of the Arlington Heights Park District solely, now be it

Resolved by the Board of Park Commissioners of the Arlington Heights Park District in regular meeting assembled, that steps be taken promptly to submit to the Citizens of Arlington Heights and of the Arlington Heights Park District, a proposition, to include within the said Arlington Heights Park District all portions of the said Village of Arlington Heights which are not now included in the said Arlington Heights Park District and be it

Further Resolved that the necessary legal advice in this connection be secured without delay.

### A Short Long Story

Characters—  
The Father, Frank Ballard  
Late of Arlington Heights.  
The wife, Mrs. Ballard.  
The children, three, 6 to 14 years.  
The triangle, Emma of Palatine.  
Witnesses, holders of bad checks.

Act One  
The father—Formerly employed by Lake-Cook Farm Supply, lost job on account of shortage in accounts, arrested by bonding company, which granted leniency on account of sick wife.

Act Two  
Father secures \$30 on own signature from loan company to pay hospital bill; (has receipt); gives bad check to Arlington tavern to get funds to make first payment to loan company. Secures blank checks from old house, which he cleaned.

Act Three  
Father makes acquaintance of Palatine woman, who goes with him to Chicago, residing in same house where he has taken his children. On account of no money for hospital, wife who has incurable disease, is taken to Oak Forest.

Act Four  
Father signs fictitious names to checks made out to him, cashes them at various gas stations for oil and gas. Gets car from Gaare Motor Sales; leaves car at second hand lot to be sold.

Act Five  
Relief agency continues to send groceries and supplies addressed to Ballard at Arlington Heights, but they are uncalled for. Gaare locates Ballard and Palatine woman at Chicago address; discovers his car at a Chicago sale lot.

Act Six  
Wife dies, pleading for last chance to see her children. Ballard although told to go to bedside refuses. Is taken in custody by police on warrant on account of \$23 of bad checks.

Acts Seven and Eight  
Taken to Arlington Heights jail, case reviewed informally by service organization of which he was a member and from which he had appropriated funds. Nothing doing. First hearing Tuesday afternoon; plea of poverty and use of money for ill wife and children is given by a Chicago charity worker. Release to Wednesday noon granted by judge.

Case again called, same old story, except that Ballard admitted forging checks, refused to implicate anyone; claimed his Palatine friend was innocent. Case again continued to Thursday.

Wife is buried without attendance of husband.

Act Nine  
If all witnesses can be prevailed upon to testify under oath Ballard will be bound over to the grand jury, with no money, no family and few friends.

Acts Ten to One Hundred  
Only the future will reveal, whether Ballard will ultimately become a good citizen, or go slowly down the ladder of crime.

Arlington School Children to Exhibit Handiwork Tuesday

At the first meeting of the Arlington Heights Parent-Teacher's association, September 17, there will be an exhibit of things done by school children during the summer. If all the exhibits are as attractive as the quilt made by Betty Coxson and the doll dressed by Emma Heineman, it will be well worth seeing. Children who wish to see it may go on Tuesday afternoon to the south school.

Mrs. W. C. Avery, president of the Mount Prospect Parent-Teacher's Association and Mrs. Irene Lambrecht of the Mount Prospect school have kindly consented to act as judges. The third judge will be Mrs. Wm. Godknecht of Palatine. All exhibits must positively be handed in at the schools before noon on Tuesday. The cash prizes will be awarded to the winners in person at the P. T. A. meeting that evening.

IN ARLINGTON HEIGHTS IN 1860 WHEN LUTHERAN CONGREGATION WAS ORGANIZED

### NEEDY PUPILS WILL RECEIVE FINANCIAL AID

#### Student Aid Available Approval of County Superintendent

Blank forms have been received by Principal A. M. Conger from the National Youth Administration headquarters, which are applications for Student Aid in continuing high school. This aid is available only to pupils over 16 years of age, and is intended to cover the cost of textbooks, bus fare, lunches, and other necessary expenditures, the total amount granted not to exceed \$6 per month. Only pupils whose parents are registered with relief authorities are eligible to apply for this assistance, and the selection of applicants to receive recognition is to be made by County Superintendent N. J. Puffer.

Classes Nominate Officers  
The upper three classes of Arlington Heights Township High School met Wednesday morning and nominated class officers who are to be elected at an election to be held next Wednesday morning. The ballot boxes are to be declared empty before the election after examination by the Student Council which organization is in charge of all student elections. Extensive campaigns have been in evidence since the opening of school for several of the officers, which may result in even a heavier vote although it is usually 100 per cent.

Students living northeast of the high school are ardent supporters of Mayor Flentje, who has notified school authorities that Walnut street, which lies just east of the school is to be paved with asphalt, the contract for which has been let. Many pairs of shoes have received severe punishment in walking on the large sized stone which has been used to start the foundation for the pavement. This work is to be done with money derived from Pass motor fuel tax and will be greatly appreciated by the students of this district.

Police Ask Motorists To Drive Straight And Narrow Path

The Arlington Heights police department is trying an experiment. Believing that few motorists turn corners correctly, they painted a diamond design at Arlington Heights busiest corner, Campbell and Dunton street. Within ten minutes after the traffic design was painted the police found that their guess was right. Few motorists turned the corners with a safety speed that enabled them to follow the line.

Motorists approaching that intersection are asked to turn in accordance with the marking. If they follow such a practice upon all corners, there will be fewer accidents.

The ladies auxiliary will serve plate luncheon and supper at 25c each.

The rides, which were erected prior to Sunday, will remain over for the big day, Sunday. New races have been added. Prizes have already been purchased of local merchants. Some of the old timers say that they are going to compete in the prize waltz and show the young people some real dancing. Anyway, it promises to be a big neighborhood family picnic. If you were disappointed last Sunday, you can forget that disappointment and look forward to a happy day the coming Sunday, at Meyer's Park, with the indomitable legion boys as your hosts.

### Rain Postpones But Does Not Stop Drum and Bugle Corps Picnic; Date is Now Sept. 15

It takes more than an all day rain to dim the ardor of the drum and bugle corps of Merle Guild.

Their all day picnic scheduled for last Sunday, at Meyer's Park, Arlington Heights, was rained out, but it will occur with all of the original plans and some new ones, next Sunday, when it will be held regardless of the weather. In case of rain, as much as possible of the picnic will be held within the large pavilion at this park.

The success or failure of the picnic now depends upon the general public. The American Legion boys have done their part if their friends show the same spirit everybody can forget the bad weather of last Sunday and enjoy a good old fashioned picnic with all of its attractions and

### Arlington Lutherans To Celebrate

Sunday is a day of rejoicing for the members and friends of St. Peter Evangelical Lutheran Church of Arlington Heights. On this day they are commemorating the seventy-fifth anniversary of their congregation. Founded in 1860, this church has served the vital cause of true religion and morality in this community for three quarters of a century. Such a record is worthy of recognition by the membership and the citizenship at large. Their sentiments of gratitude will find expression in two special anniversary services, Sunday morning and afternoon.

(Continued on page 8)

### TWO PIONEERS PASS, DEATH TAKES OTHERS

#### Mrs. W. Guild, Mrs. Mary Dyas Dies; C. Guild Dead in Denver

Death took two pioneers of Arlington Heights this week. Mrs. W. Guild, 78 years old, who has been a resident of Arlington Heights 40 years, passed away Thursday morning, Sept. 5, after a lingering illness of several months duration. The funeral was held Saturday.

Mrs. Mary Dyas, who was born in Plum Grove, two miles from Arlington Heights 85 years ago, died Sept. 6, at Forest City, where she has been a semi-invalid several years. The remains were brought to Arlington Heights Monday where brief services were held at the Karstens funeral home.

Tragic Death in Denver  
Chester Guild, son of Mrs. R. J. Guild, died at his home in Denver Thursday. A telegram announcing his demise, was received by his mother Thursday evening. His brother, Bruce Guild, led immediately for Colorado and phoned Arlington Heights Monday that the funeral had been held that day, attended by the Legion, the V. F. W. and the Masonic order.

Chester's death is reported to have been from heart trouble, brought on by an accident, caused by the explosion of a bomb placed in his car.

The Misses Crisler received word Friday morning of the sudden death of Mrs. Florence Louise Robinson, daughter of Louise Crisler and Charles Haynes, niece of the Misses A. G. and E. Crisler and Mrs. E. C. Haynes.

### MT. PROSPECT TO BE ON THE PAN MONDAY

#### Sanitary Water Board in Hearing for Gurnee, Villa Pk., Techny

Notice has been received by the village of Mt. Prospect that the Sanitary water board will hold a hearing at their office in Chicago Sept. 16, to discuss the cases of streams pollution being caused by the sewage discharged into the Des Plaines river by the villages of Gurnee and Mount Prospect; the pollution entering the north branch of the Chicago river from Techny institutions; also the pollution case of Villa Park, which village is now discharging raw and partially treated sewage into Salt Creek. The above cases will be discussed prior to turning them over to the Attorney General for action.

This hearing is a part of the state wide program of cleaning up the streams of Illinois. Many municipalities have started projects to abate similar nuisances with which Mt. Prospect and these other villages are charged.

### P. T. A. Pot Luck Supper and Picnic Is Friday

Come out and meet the "Jinx," also "Lady Luck" Friday the 13th, at the P. T. A. pot-luck supper and picnic to be held at the old Burritt farm (present home of Mr. and Mrs. A. R. Schmitz), at W. Euclid avenue and railroad crossing. All parents, teachers and students of high school and grammar schools are cordially invited.

Members of the P. T. A. and friends are asked to bring a supper dish of twelve (12) servings. Save your pennies for the Home-made cakes, candies, ice cream, also coffee and milk. Supper free. Bring your own silverware and cups. Paper plates furnished. Gigantic bon-fire, marshmallow roast, grab-bag, Father and Sons baseball game. Also tennis, croquet and variety of other supervised games for all age groups.

### Arlington P. T. A. To Hold First Meet Tuesday, Sept. 17th

The first meeting of the year of the Arlington Heights P. T. A. will be held Tuesday, Sept. 17, at 8 p. m., at the south side school. It will be an informal reception for teachers and friends and the exhibit prizes will be awarded. Mrs. Comer Rice, of Park Ridge, is to entertain, followed by a social hour.

### Merit Badge Exposition

One of the high spots of the Boy Scout fall program will be the participation in a tri-council Merit Badge Exposition to be held at Patten gymnasium in Evanston the latter part of October. This exhibit will involve demonstrations of requirements for Merit Badge awards. Each troop will accept the responsibility for demonstrating one subject. As far as possible these subjects will be assigned according to the choice of the troop. It is expected that at least 50 per cent of the 102 Merit Badge subjects will be exhibited.

### Newest Clothes Are Now on Display at The Emerald Shop

There is now a woman reader of this paper who will not be interested in the announcement of "newest clothes" that are now on display at the Emerald Shop, Arlington Heights. Miss Wilke is now selling in addition to her dress line, Kimonoes, coats, priced from \$39.95 up, as well as other coats as low as \$16.95.

Among the new dresses is a line of dresses more complete and at a greater variety of prices of any that have ever been displayed at this shop.

### REFUNDS FOR TAXPAYERS THIS MONTH

#### Credit Checks Will Accompany 1934 Tax Bills To Be Mailed Soon

Here is some good and bad news for the taxpayers of Cook county and particularly the taxpayers in the suburban townships. The collector's books for collection of 1934 taxes will be in the hands of the various tax collectors within a week and bills will be in the mails soon thereafter. Some people may call these tax bills bad news, but here is the good news. Accompanying the bills of every tax payer who paid 1931 taxes, will be credit checks for a fifteen per cent reduction upon said taxes. These credit checks can be used as part payment of 1934 taxes. The discount only applies to homes and one and two flat buildings, neither on land value of said places.

The collectors do not know yet how long a period they will be allowed to hold the tax books, but the closing dates will be included with the tax bills. There will be two periods of collection.

#### Penalty Removed from Delinquent Taxes

Delinquent general taxes prior to the year 1933, can be paid in Chicago without the penalty. The last legislature passed such a law with the expectation that many property owners of delinquent property would be influenced to pay back taxes and again place such property upon the tax books as active accounts.

With few exceptions there are only minor changes in the tax rates. As there is to be no more state tax, which usually amounts to 50c, a great many of the tax bills will be lower. The county rate has been increased 10c and some of school districts have also made substantial increases.

The new rates and comparative table with rates of last year are given below.

Elk Grove Township	
1933	1934
Basic Rate	1.59 1.07

### Homer J. Byrd Sues Airlines For \$100,000

Homer J. Byrd, of Arlington Heights, former county commissioner, entered suit this week for \$100,000 against the Pennsylvania Air Lines, as a result of an accident June 12. Mr. Byrd has been confined to his bed since the accident.

The suit is being handled by the Washington law firm of Covington, Burling, Rublee, Ackeson & Shrub, who are recognized as among the foremost in the nation's capital.

Geo. A. Kimmel, patent attorney, who was in the same plane and injured in the same accident entered a suit last week against the Pennsylvania Air Lines for the same amount as Mr. Byrd. Mr. Kimmel was not as badly injured as Mr. Byrd, but sustained a brain concussion.

Mr. Byrd, after several weeks in a hospital at Washington, D. C., was brought home 2 months ago upon a cot and has been in a cast until last week. A back brace has now been applied and Mr. Byrd is able to be around the house. He is being attended by Dr. Paul Magnus, orthopedic specialist.

The accident occurred when the plane in which Mr. Byrd and his companions were returning from Washington, hit an air pocket, causing the plane to drop several hundred feet. Mr. Byrd was then thrown against the ceiling of the cabin and back to the floor. The 10th and 12th dorsal of his vertebrae were broken and crushed.

### Sleepy Driver Hits Tree; Wife is Injured

Albert Mecklenberr, 1632 Chase avenue, Rogers Park, drove his car all over Europe and back home from New York—but he kept awake all of the time. Sunday evening, while returning home from Lake Geneva, he smashed a traffic sign, tore out a stump, and hit a tree all because he went to sleep. The accident occurred at the corner of Euclid avenue and Northwest highway, Arlington Heights. His wife was cut about the face, necessitating several stitches by Dr. Elfeld. She was later taken to Edgewater hospital.

### State Charter Issued To Wheeling Regular Democ. Organization

Secretary of State Edward J. Hughes, issued a charter last week to the Wheeling Township Regular Democratic Organization of 7 West Campbell, Arlington Heights. The incorporators are George Oleese, Elmer C. Karstens, and Henry C. Nichols. The purpose of the organization is to teach democracy and inculcate the principles of good government and particularly to foster good candidates on the democratic ticket. The attorney handling the incorporation was Joseph A. Kolb, Chicago.

### Villa Park Autoist is Cut When He Drives car Into Rear of Ford Truck

It was two o'clock Saturday morning and Frank Blackburn, 330 Monterey avenue, Villa Park, did not realize that the truck he was approaching was not traveling as fast as his car. He did little damage to the truck, which was being driven by John Matchen, 1321 Belmont avenue, Arlington Heights, but he did a lot of damage to his own car and his friend, Erick Larson, who was badly cut and received treatment at Mt. Prospect hospital.

### You Can Save On New Fall Apparel at Giesecke's

Worth while savings on smart hats, sueded jackets, and dresses can be made at the Giesecke store. New lines of the intimate personal things that women prize so highly have also been received and offered at money saving prices.

### PARK BOARD MAY SPONSOR BOTH PROJECTS

#### Quick Action by Trustees and Mayor Makes Possible Use WPA Funds

BULLETIN—H. M. McCullen, has placed his O. K. upon the Arlington Heights projects and has forwarded them to Washington.

The dream of every kid in Arlington Heights, and a great many of their elders, a swimming pool—may be realized at practically no expense to the taxpayers.

A park including recreational facilities for night and day baseball, football, tennis and a multitude of other outdoor games and pastimes, is in the offing.

Three stenographers supervised by an engineer and local officials, worked until midnight last Friday setting up for Arlington Heights the above two projects in order that they might be filed early the next morning, with the WPA organization, which had extended the filing time 12 hours in order that these projects could get in under the wire. The final date for all pre-meditated projects under the four and a half billion dollar works program of the government closed Friday evening.

Arlington Heights may not get the swimming pool or the park, but at least Arlington Heights is upon the same plane as Glenview, Des Plaines and other villages who are asking for their share of the many millions of dollars that are going to be spent by Uncle Sam to provide public works jobs for the present unemployed.

Arlington Heights has talked swimming pool for some time. A projected plan for the erection of one with the use of relief labor failed on account of the cost to the village for materials and the probable lack of efficient supervision and the danger of extras accruing to the job if same was built under the supervision of either the village or park board.

Under the new set up, Uncle Sam is going to do the building. There can be no extras and the obligation of the village will probably be less than \$14,000, for the swimming pool, the total cost of which is set up as \$105,000. The park improvement which will provide \$50,000 of jobs for local workmen, totals \$97,000. The share to be paid by the village in the latter is largely for trees, shrubs, use of truck, etc., which will mean little actual cash outlay.

Double barreled action on the above was taken last Friday, when Trustees Krause and Schneberger accompanied Mayor Flentje to headquarters office and learned that the two projects were possible, but improbable of accomplishment on account of the few hours remaining in time to figure a project. Too late, said the mayor, but he did not know the resourcefulness of the three gentlemen from Arlington Heights. The village of Glenview had two similar projects all laid out, the engineer in charge of the work at Glenview was available. A special dispensation of 12 hours was secured from headquarters.

The entire party returned to Arlington Heights for the set ups. By midnight the job was done. The rest is up to the WPA authorities. Horace McCullen, former mayor of Glenview and recently appointed regional director of WPA work in northeastern Illinois, must first give the projects his stamp of approval, then with hundreds of others from all parts of U. S. projects go to H. L. Hopkins, at Washington, who will have the final say as to whether the Arlington Heights plan will be included among those in Illinois which will be constructed by government WPA funds.

The announced purpose of this so-called "easy money" is to provide employment for a large part of the men who are without jobs and upon relief. The government will soon contribute little to the states to aid them in the distribution of cash relief. The job for caring for the unemployed will hereafter fall almost entirely upon the state and counties. The provision of WPA jobs, paid for by federal cash, will lighten the burden of local and state authorities.

The above facts were outlined to the members of the Arlington Heights Park Board at their meeting Tuesday evening by Mayor Flentje and trustees Schneberger and Krause. The park board was not asked to make a definite decision that evening, but the members of that body and others present discussed upon the subject admitted that the two projects, if constructed, should really be handled by the park board itself. The members asked for a copy of the set ups in order that they might familiarize themselves with the plans, while waiting for Uncle Sam's answer.

## Auxiliary News

Although this is a little late, folks, nevertheless here is some dope on my trip to Quincy and my first convention.

I had always heard that conventions were something wild and woolly and that our boys just naturally let go and really had a wet time of it. While all the wet ones I saw weren't Legionnaires at all, they were natives of Quincy. We were very favorably impressed with the parades and bugle corps as they were real inspiring. We paraded about 10 miles over cobble stones and bricks and took second prize and \$5.00; not bad for old ladies, 52 of us at that. It looked like old home week. (Don't mind me, gals.)

The sessions were very instructive. Mrs. Carlson, our national president spoke and anyone ever having had the pleasure of hearing Mrs. Carlson speak, knows she is a wonderful speaker. But our own Mrs. Rineker, has her beat I think, and Marie Suthers isn't to be overlooked, for my part I would just as soon hear either one of these fair ladies speak. Then our own Ada Muckelstine was there looking as pretty as ever. Ada, as everyone knows, is running for national president this year. Think of it a national president from Illinois. I also went to the unit dinner and, as usual, didn't get anything to eat. All in all it was a very nice convention, but Arlington Heights looked good to us when we arrived home on Wednesday.

Sept. 4 was unit meeting night, there was a large attendance, 19 members being present. Our music chairman, Mrs. Palmer, had a nice program for us. We had the pleasure of hearing Mrs. Russell sing. Mrs. Al was a former member of our unit and we are looking forward to her joining us this year, how about it Mrs. Al? We elected our delegates for Cook county consul and for the Ninth District. Plans were discussed for installation which is on Oct. 8, at the high school. Mrs. Hoss gave a report on the convention. Mrs. Pope, new membership chairman, asked all members to try and pay their dues by next meeting so we could be 100 per cent by Oct. 8. Here is a new side of this membership thing, Illinois wants to back Ada Muckelstine as much as she can by taking as many paid up memberships to St. Louis as possible, that means our membership must be in the office by Sept. 20. So please, girls, haul out the old sock and dig up your dues so when Jo Pope calls on you, you can hand it over. This means a lot to her and to yours truly as I want to be 100 per cent if possible. Won't you please all help us?

After meeting was adjourned M. S. Parker and Mrs. Palmer served us apple pie and coffee, and the pie was certainly good. Before I forget, Jean Marie Mors and Miss Castling played on the musical program for us. Thank you, girls. Must sign off now. (So long).

Wednesday evening meeting 8:00 p. m.  
Reading room open Wednesdays 2 to 4 p. m.

## League Bowling Starts Monday at Arlington Heights Recreation

The major league will open its season of bowling next Monday evening at the Arlington recreation. Business firms having teams entered are Arlington Elevator, Vail Tavern, Blatz Old Heidelberg, Union Tavern, Park View, Krause Market. A second league is in progress of organization and if manager Richard Schoenbeck succeeds in booking as many teams as he is working for, there will be a lot of bowling there this year.

Friday evening has been reserved by a group of business men, who are unorganized as a league, but bowl for the joy they find in it.

### Changes in Building

A direct entrance into the bowling alley from the street is to be made, which change will permit more privacy for bowling parties. The alley quarters are being especially cleaned in anticipation of the interest of the ladies. "Nearly every town," explains Mr. Schoenbeck, "has a ladies bowling team, why not Arlington Heights?"

### CHRISTIAN SCIENCE CHURCHES

"Man" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, September 8.

The Golden Text was, "Blessed is the man that trusteth in the Lord, and whose hope the Lord is" (Jeremiah 17:7).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Thus saith the Lord, the Holy One of Israel, and his Maker, Ask me of things to come concerning my sons, and concerning the work of my hands command ye me. I have made the earth, and created man upon it: I, even my hands, have stretched out the heavens, and all their host have I commanded. I have raised him up in righteousness, and I will direct all his ways" (Isaiah 45:11, 12, 13).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Through spiritual sense you can discern the heart of divinity, and thus begin to comprehend in Science the generic term man. Man is not absorbed in Deity, for he cannot lose his individuality; for he reflects eternal life; nor is he an isolated, solitary idea, for he represents infinite Mind, the sum of all substance" (pp. 258-9).

## VOICE OF PEOPLE

A beauty spot in Arlington Heights was ordered removed by one vote at the last meeting of the village board.

This little park was just south of the Lutheran church school. I venture to say that many people traveling along the Northwest Highway have admired this park for its beauty. I suppose the next move will be to remove the park south of the oil station with four elm trees that are at least 60 years old.

I, myself gave as much as 1,000 tulips in a year to make that park a beauty spot and then planted it with evergreen plants; later we decided to put in a globe cedar elm and 28 juniper fitzgerians, which were coming along nicely until they were removed the next day after the board meeting referred to above.

However, along came a gas station man and claims that he was losing business because the big trucks couldn't drive in there freely to get their gas.

I am afraid after the park is gone, he will not be doing any more business because there was previously plenty of room all around the park and there is lots of gas stations along the highway with plenty of all kinds of gas. I think that if it had been brought to the vote of the people, ninety per cent of them would have voted to keep the park, instead of destroying it.

George Klehm.

PHONES: 771-772

ARLINGTON HEIGHTS

125,000 PEOPLE IN THE CHICAGO AREA ARE LIVING BETTER BECAUSE OF GAS HEAT

A job nobody wants

but Gas Heat will take it!

IF this advertisement appeared in the paper you read daily, what would you say? Ridiculous! Nonsense! Absurd! But just think a moment.

You wouldn't want the job at that salary. Nor would anyone you know. Drudgery, back-breaking toil. Long hours, night work, no days off. And only a few cents a day for your trouble. Such an advertisement may appear ridiculous. Nevertheless, it's the job you actually hold right now, if you're still putting up with old-fashioned methods of heating.

Make up your mind to be rid of all furnace worries and work. For a few cents more a day, your family could be enjoying all the freedom and luxury of modern gas heat. Gas heat, of course, takes care of itself. It is clean and absolutely automatic. Once you have it installed, you're free from shoveling coal, tending the furnace and cleaning out furnace dirt. Gas heat gives you welcome hours of extra leisure. More time to play with the children,

more time for the things you've always wanted to do. More time for sleep in the mornings, too. No icy trips to the basement. The furnace starts up in the morning automatically.

Let us show you how reasonably your family may enjoy gas heat. Its many advantages cost only a few cents more a day. Investigate now. Call your nearest Public Service office and ask for free estimate.

"I have been using gas for 10 years and I am perfectly satisfied with it. My heating costs are now 60 per cent less than when I first used gas."

A. T. KATES, 206 Kenilworth Ave., Kenilworth, Ill.

**A & P Food Stores**

And still the hum drum of life must go on. School, churches and all organized social activities must keep their dates.

Next week Karl Klehm returns to his classes in State University and Marcia Ruth Martens and Chic Hauptli enter the same college.

Mrs. H. B. Ashton and son, John, of Carlyle Place, Stonegate, arrived home after their vacation spent in their old home at Columbus, Ohio.

Mr. and Mrs. A. Gosch have recently moved from Arlington Heights to a new location at Glenview.

Ms. and Mrs. John Nichols have moved from a Krause apartment in East Campbell to 305 North Chestnut.

Mrs. Roscoe Schafer and little son who have been visiting her mother, Mrs. Fehlman, returned last Friday to their home in Oklahoma.

The Dorcas Aid of St. Peter's church met Tuesday for their regular business session, and to lay plans for their jubilee services to be held the coming Sunday.

Rev. H. A. Kossack whose vacation has been much broken, left this week for a short stay in Iowa.

Mr. and Mrs. George Frasnios visited relatives in Detroit, Michigan last week. Her sister, Miss Sophia Baker, came home with them to enter the high school at Arlington Heights.

Mrs. Alma Gilmore and Mrs. Zimmerman of Salt Lake City, were guests of Mr. and Mrs. Rexford Volz, Sunday, stopping over on their way to Detroit.

Mrs. Etta Wellman from Iowa was the guest of Mrs. Fessler last week in her West Euclid home.

Mr. and Mrs. A. T. Kates from Evanston, came over to attend the funeral services of their old time neighbor and friend, Mrs. Mary Carson Dyan, Monday afternoon this week.

Tuesday afternoon the Friendly class held their opening session for the coming year. No program was given, plans for coming activities, refreshments were served and a social hour spent.

Mrs. G. J. Schafer and her brother, John Carson, came from Iowa to be present at the burial services of their sister, Mrs. Mary Carson Dyan, Monday. Mrs. Schafer was a guest of Mrs. Fehlman, while in Arlington Heights.

Mrs. Hester Albino and one of her sons came over from Oak Park to be with her brother in the time of his bereavement and to attend the funeral of Mrs. W. W. Guild in the Presbyterian church. Mrs. Albino had been not well enough to come to her brother during the illness of his wife. One of her sons came.

Mrs. Frieda Schlusshage with her two sons has moved to Chicago where she has employment.

The Fidelis Circle of the Methodist church met with Mrs. B. T. Best Tuesday evening for the opening session of the season. Plans for future activities were discussed and much interest taken in good work.

Miss Margaret Hasemann, who is employed at the Sieburg Drug Store and Mrs. Arthur Schoepke are off to Fox Lake for their summer vacation.

Tom Flynn has entered the Northwestern University to continue his college course of study. Since he will be so near home his mother and the family have concluded not to go south this winter.

The Misses Clara and Myrtle Lauterburg and Miss Ruth Heffernan went to the city Wednesday last week to see Miss Alma Nickols, who is in a city hospital. They found her hopefully recovering.

Those interested in the bonfire on the Burkitt place lawn are watching the weather prophet, as rain or storm might spoil all their fun and douse the fires bright gleam.

The Aid Society of the Presbyterian church held the opening session of the season Thursday afternoon, Sept. 12. To make plans for the coming year's activities. Did you hear the ladies prattle, as the pennies rattle, rattle? When the returns come in and the official reports, we'll be seeing you.

Children on North Douglas avenue are excitedly interested in the invitations now out for a party for Laura Fritz on her birthday, Sept. 12.

Monday evening this week the Cerephelia circle enjoyed delightful out-door picnic at the Edgebrook forest preserve. There were sixteen in the company. They combined business with pleasure, and ate a choice picnic supper by the light of the setting sun.

After four years residence in an apartment at 402 East Euclid, the Misses A. G. and E. J. Crisler are cosily ensconced in the upper apartment at 404 North Evergreen avenue. Miss Crisler, who was for so many years a teacher in Chicago, will be interested in seeing and hearing the big and small pupils on the school campus.

The happy home center of Mr. and Mrs. Charles Klehm has been the scene of the homecoming of their children during vacation time. Mr. and Mrs. Arnold Wolgast have spent several weeks here, returning to Petosky in time for the opening of the college. Margaret Klehm Walters returned to her home last Friday. She was here to act as bridesmaid in the Hagen-Weaver wedding. Mrs. Walters was also hostess for a pre-nuptial shower for Miss Hagenbrink. It seems that Mrs. Margaret Klehm Walters is so much a part of the social whirl in Arlington Heights, they cannot quite give her up to Champaign.

Mr. and Mrs. Albert Meyer of South Mitchell took with them on their vacation, Miss Winkelhake, here is the tale of their tour. They first went to Wisconsin Dells, traveling early and late and enjoyed every minute, returning visited the Brookfield Zoo, then as a sort of let down on vacation ventures, they went out to the farm, helped fill silos and also lent a hand in carpenter work. After all this variety, it must have made even a top notch milkman feel satisfied that he enjoyed a grand vacation.

Lewis Helm arrived home Friday last week from his trip to California. He seems to have heared the first notch in becoming a Cali-

formia fan. He thinks it will one day be his choice of a place to live. He saw all the Helm-Alison relatives, Mrs. House, the Dietrichs and Hewits and the N. C. Volz. All received him with a hearty home folks hospitality. He plans to enter Drake University at Des Moines next week.

Mr. and Mrs. Harold Oefelein arrived home August 31, the day preceding Labor day. They found all well. We are glad to learn that Mr. Lester Allison, who was in a hospital for observation when Ora and Harold arrived, is now at home and the medical "sleuths" found him not in need of their perscriptions.

Mrs. Birdie Williams Breece, is said to be having improvements made in her residence, formerly her parents home, putting on new porches and other exterior additions to improve its general appearance.

Gertrude, daughter of Rev. and Mrs. Oswald Taege, had the delightful experience of her first party Tuesday, September 10. A lawn party at the Taege home, all prepared and carried out by her parents, a large company of Gertrude's playmates shared her happy treat. We are sure those popular little puppies we have heard so much about had a part in the pleasure of the occasion. We hope this will be the beginning of many happy birthdays for the dear little girl who had this happy party.

It would be nice if folks would desist from prophesying bad weather. Of course frost did come the second year we were in the meadow the 16th of September, but this person has faith to believe September is to be a fine month all the way through. Look for it!

The Herman Lewis family are moving from the Boeger apartment on South Duntun to a house on the south part of the town.

We are sorry to hear that Mrs. Tom Davis is not well and is now in a hospital.

The family of Rev. and Mrs. H. C. Fricke have had rather a trying summer with measles and other illness among the children. Neither has Mrs. Fricke been usually well. They are now nearer back to their normal health for which we are glad.

The E. W. A. Rowles factory people are on the nip up for business. A large order for blackboards from Sweden has set things moving.

The old hum of the saw at the Arlington Seating Company, indicates that "Mac" has started things moving.

Mrs. Draper and her daughter have returned from their two weeks outing. Though some of the days weather was not what they could wish for, yet all in all we think September has given many perfect days, and we are sure our friends had a delightful vacation in the Wisconsin Lake and Woodland region.

Mrs. Embert Wille was pleasantly surprised Saturday evening, Sept. 7, when 22 guests showered

beautiful gifts upon her, at her home on Algonquin and Wilke road. The evening was spent in playing bunco and cards. After a midnight lunch was served everybody departed wishing Mr. and Mrs. Wille lots of luck.

Mr. and Mrs. Kelo, So. Mitchell street, have returned from a week's vacation spent in Hobart, Indiana, on the farm of her aunt, where they went the day after attending the church wedding of Mrs. Kelo's brother in Chicago.

Mrs. Edw. C. Duenn and children

Rowboats Used as "Tugs"  
Before tugboats were used, sailing ships were sometimes brought into pier by the seamen, lowering small rowboats or lifeboats and towing the vessel in. In some cases the vessels were anchored in deep water and smaller boats used to transport passengers and cargo to and from the vessel.

## Ironing is easier with a CONLON automatic IRONER

We'll prove it by doing your next ironing in your own home FREE

● A Conlon Automatic Ironer takes all the hard work out of ironing. No longer is it necessary to stand over an ironing board for hours pushing an iron that gets heavier every minute. A Conlon irons everything, including flatwork, shirts, and children's clothes. Merely guide the iron through while you are seated comfortably.  
Try it in your own home first. We'll do one week's ironing to prove how easy it is. Then, if you decide to purchase, pay \$2 down and as little as 66 cents a week on your monthly Electric Service bill. Take advantage of this special offer now. Phone or call at your nearest Public Service Store and ask for free demonstration.

### Projected Swimming Pool and Park to Include All Extras

While no blue prints or drawings of the two projected WPA improvements for Arlington Heights are available, the figures and descriptions included in the set-up give an excellent idea as to the extent of the work.

The swimming pool will be the very latest and will have features not found in the usual pools which are only available for swimming during the summer months. The construction of the pool will be of a nature that a skating area 200 feet in diameter will be available for winter skating. The circular pool itself, will be 160 feet in diameter, nine feet deep in the center, where will be located the diving boards and observation pit for one of the life guards. A field, or bath house which will cost \$39,000 is part of the plans. Included in the latter is a heating plant and an automatic stoker, the latter to cost \$800. The tile roof and electric equipment will cost \$2,500. The cost of the pool, itself, will be \$40,000. There will be \$35,000 paid for common labor in addition to the fees paid expert labor. The government will pay for materials in this project \$24,000. The only cost to the village will be approximately \$14,000 for materials.

The park projects calls for \$60,000 of common labor; \$15,000 for tennis courts, with flood lights; \$19,000 for walks and roads; \$26,000 for athletic field; \$14,000 for parking area. There will be two

### CAVIAR CHAMP

Ida Lupino, blonde screen actress, thinks she has earned rightfully the unofficial title of world's champion caviar consumer.

As the focal point of a comedy breakfast sequence which required 22 takes for completion in the Walter Wanger-Paramount film, "Smart Girl," now running at the Arlington Theatre starting Sunday, Miss Lupino had to eat the oily and powerful delicacy during each of the 22 filmings. In all, she consumed two cans, enough for an extensive buffet supper. She not only won the condolences of her fellow players, she didn't work the next day.

"Smart Girl" also features Gail Patrick, Kent Taylor, Sidney Blackmer and Joseph Cawthorn. It is a gay comedy-romance of a couple of sisters who fall in love with the same man and have a time of it getting their arisal tangle straightened out happily when one of them marries him.

### South Side Breezes

Because the wedding anniversaries of Mr. and Mrs. Joseph Wisersky and Mr. and Mrs. Helman of Downers Grove are but a few days apart, it has become their custom to celebrate together. Mr. and Mrs. Helman came Monday evening to commemorate the occasion.

Mrs. Tillie Geils Lebrecht of Chicago, but who was born and lived a good many years in Arlington Heights, is staying this week at the home of Mrs. Walter Schuett and renewing old acquaintances.

Mrs. W. G. Franke and daughter, Marylin, motored to Toronto, Canada, where they are visiting relatives.

Members of the Cornelia society enjoyed a picnic Monday evening at the Edgemoor Forest Preserve.

Mr. and Mrs. Louis Pederson, So. State road and son, Alfred, have returned from a vacation spent at their summer home at Hayward, Wisconsin.

Mr. and Mrs. W. C. Reynolds, Chicago, spent Sunday with Mr. and Mrs. Roy Lawbaugh. Mr. Reynolds is a brother of Mrs. Lawbaugh.

The Wisersky family visited Mrs. Wisersky's brother, Mr. Brand and family at Oak Park, Sunday.

Mr. and Mrs. C. H. Mills attended the wedding of Miss Grace Barrett and Mr. Hilah Burke at Addison, Michigan, Saturday evening.

**KENT TAYLOR GIVES VIEWS ON BEING A LEADING MAN**

"It is just a case of once a leading man, always a leading man," declares Kent Taylor of Paramount, currently appearing opposite Ida Lupino in Walter Wanger's comedy-drama, "Smart Girl," opening at the Arlington Theatre Sunday, whose work with Will Rogers in "The County Chairman" and "David Harum" was outstanding. "Stars," Scott declares, "are men with certain characteristics which provide them with unique appeal in certain kinds of roles. They usually fail when presented to fans in other than their natural fortes. 'Leading men,' on the other hand," the director continued, "are the utility men of Hollywood, masters of acting technique. They must be able to step into any kind of a story, and type of character and make good. They must be able to make convincing love to anything in skirts. In other words, they are, and will always be, Hollywood's only real representatives of the histrionic art."

"Naturally," Scott concluded, "producers cannot afford to sacrifice them for the specialty work of stardom."

Taylor, an astute young man despite his handsomeness, doesn't worry a great deal about the collapse of his ambition to become a star. He figures, with good psychology, that the variety of roles provided him in his present status make for longer life on the screen. "I hope," he says, "to be going strong as a leading man twenty years from now."

### \$227,000 to Carry on War with Mosquitos

Even the mosquitos are going to feel the effects of the gigantic WPA program. \$227,000 has been granted the Des Plaines Valley Mosquito Abatement District to carry on a war of extermination against this troublesome insect. Eighty men from the relief rolls will be enlisted at \$55 per month. The campaign is expected to last about eight months.

**"Time of Full Market"**  
Having no system of dividing the day into hours, in early times the Greek used phrases like "the time of full market," which meant mid-forenoon.

### Grace Barrett, Daughter of Farm Adviser Wedded At Grandparent's Home

Miss Grace Barrett, daughter of Mr. and Mrs. O. G. Barrett, became the bride of Hilah M. Burke, son of Mr. and Mrs. Andrew Burke, Addison, Mich., when they were united in marriage Saturday evening, September 7, by Dr. Brown, pastor of the Addison Congregational church.

The ceremony was performed at the home of the bride's grandparents, Mr. and Mrs. Jay C. Crofoot, Addison, Mich., in the same room and setting in which the bride's parents and grandparents had been married.

The bride looked lovely in a simple white velvet gown made with a high draped neckline and a skirt that fell in a train. She wore a cap and long veil and carried a bouquet of sweetheart roses.

Before the ceremony, Mrs. L. H. Schopshire of Des Plaines, Ill., sang "O Promise Me" and "I Love You Truly."

The wedding march was played by the bride's cousin, Mrs. Ethel Pratt, Addison, Michigan.

Fall flowers were used profusely in the spacious rooms in which the sixty guests assembled.

Upon their return from a brief trip, Mr. and Mrs. Burke will reside in Addison, Michigan.

### Amateur Night Is A Winner

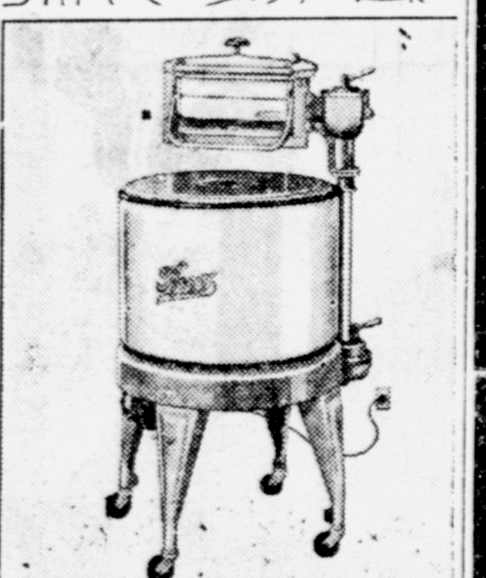

The first amateur night of the Arlington Heights recreation association presented last week was a winner. Six hundred people crowded the auditorium of the high school and there were scores who were turned away. Judge Wm. Kopplin was the announcer, director, author and property man. Long as was the program it closed almost on time and there was not a dull moment in the two hour or more show. Encores were barred but at times the audience became more than insistent that additional numbers be allowed. Time on the radio does not permit any repeats and announcer Kopplin was master of the air.

The stage setup resembled the real thing with Earl Friedrichs orchestra in the background, the announcer's desk to one side and the limelight for the performers. The latter were many and their stunts showed originality. There were all ages and sizes, from young tots to almost old men.

"Collections" are not a part of radio programs, but this was a special program. It was so good that everybody, even the young people took pleasure in showing their approval of the program and its cause by contributing liberally to the Arlington Heights recreation fund that will help make certain a summer recreation program next year.

### Tatge-Sporleder Wedding

Miss Bernice Tatge and Mr. Milton Sporleder were united in marriage, by Rev. Mueller at a quiet wedding in St. Paul's church, Mt. Prospect, Saturday, Sept. 7, at 6:30 p. m. A wedding supper was later served at the home with many relatives and friends.

The bride was attended by Miss Louise Sporleder, sister of the groom, and by his brother, William. After their honeymoon, (we don't know where they went), they will make their home in the William Busse, Jr., apartments above the postoffice. The many patrons of the postoffice will be pleased to know that "Postmistress" Bernice will continue as assistant at that office.

Mr. Sporleder is well known in

### AT THE CATLOW

With such outstanding features as "The Irish In Us," "Call Of The Wild," "Curly Top," "The Whole Town's Talking" and "Orchids To You," the Catlow theatre is offering a wealth of entertainment value in their current listings.

The Cagney-O'Brien opus, "The Irish In Us" finishes its three day run tonight. Friday night brings Edward G. Robinson of "Little Caesar" fame in "The Whole Town's Talking." "Orchids To You,"

with John Boles, Jean Muir and Charles Butterworth starring, will be screened Saturday. Jack Londons great yarn of the Klondike, "Call Of The Wild" is scheduled for Sunday and Monday. Jack Oakie and Loretta Taylor are co-starred. "The Glass Key," a tangled mystery by the author of "The Thin Man" introduces George Raft in the role of a patent-leather gorilla-buster. It will be shown next week Tuesday. Wednesday, Thursday and Friday following will be given to the presentation of Shirley Temple's newest film, "Curly Top."

It is a story of happiness and song—of glorious romance and dancing—of dreams come true—in fact a story that will carry little Shirley's admirers to the seventh heaven of delight.

# OBITUARY

Their sun has set to us,  
But shines elsewhere in heaven's  
light,  
Encircling gloom is gone and all is  
fair,  
Thy home is reached  
Thou dost not ask to see  
The distant scene, for it is near to  
thee,  
And thou art ever thus;  
No need to pray,  
For guidance on a dark and rugged  
way;  
The day of sorrow and doubt is  
gone,  
Thy love remembered,  
And thy haven won.

And now their faith is sight,  
And they do know that God is light;  
Still over moor and torrents  
We must go,  
Through the dark night,  
Till in the glorious morning light;  
We see the "Angel faces"  
of the blest and these.

## GEO. F. TEGTMEIER

Mr. George F. Tegtmeier was born February 12, 1866, in Addison, Ill. He was baptized in the Addison Ev. Lutheran church; was confirmed by Rev. Roeder in St. Peter's Ev. Lutheran church at Arlington Heights, Ill. For the first two years of his life he lived in the vicinity of Addison, Ill., and since that time he has made his home in and around Arlington Heights. On August 26, 1935, he went to make his home with his niece and her husband, Mr. and Mrs. Jack Heinz, on Oakton street at Park Ridge, Ill., where he passed away Thursday morning, September 5, 1935, at the age of 69 years, 6 months and 23 days.

He leaves to mourn his departure one sister-in-law, Mrs. Emma Tegtmeier of Gratiot, Wisconsin; his niece and her husband, Mr. and Mrs. Jack Heinz of Park Ridge, other nieces and nephews and other relatives.

Services were Sunday afternoon, Sept. 8, from Karstens Funeral Home at Arlington Heights and at St. Peter's Ev. Lutheran church, Revs. Noack and Fricke officiating; interment in St. Peter's cemetery.

**MARY CARSON DYAS**  
Mary Carson Dyas was born to John and Bethiah Carson in Plum Grove, Illinois, two miles from the town of Arlington Heights, January 22, 1850.

She attended the country school, then the Academy in town, and later the Chicago Normal school, from which institution she was graduated in 1871. She became an enthusiastic teacher and very successful in her chosen work. She taught sixteen years in the Sheridan school in Chicago.

In 1898 she married Dr. Webster Dyas of Arlington Heights. She helped him in his work while he lived. He died in 1914. Mrs. Dyas continued to keep her home in Arlington Heights, and was active in club work, and in the work of the church, Sunday school, and the missionary society. She was a

member of the Presbyterian church and gave liberally of her time and money to its support. Her health having failed, she went to Forest City in February, 1926, to make her home with her sister, Mrs. Schaeffer. She has been an invalid ever since. Gradually growing weaker and more helpless as the days slipped by, she remained patient and cheerful and was always glad to see old friends. She seemed perfectly contented, and apparently did not realize that she was not in her own home in Arlington Heights, of which, for so many years, she had been justly proud.

Old age infirmities, and finally pneumonia laid hold upon her and she passed to the Great Beyond Sept. 6, 1935, aged 85 years, 7 months and 15 days.

She leaves to mourn her loss, her sister, Mrs. Schaeffer, two brothers, Matt and John Carson, all of Forest City, several cousins at Hamilton, Kansas, some nieces and nephews, and life-long friends.

Funeral services were held Sept. 8, 1935 in Forest City, conducted by Rev. H. O. Ward, pastor of the M. E. church. The remains were brought to Arlington Heights for burial where a brief service was held at Karstens funeral home where quite a delegation of Mrs. Dyas' old time friends gathered to pay a last tribute. Rev. W. L. Whipple spoke very appropriately of her life's activities and lasting influence. Burial on the family lot in Arlington Heights cemetery.

## IN MEMORIAM

**Mabel Grandt.**—In loving memory of our dear daughter and sister who passed away one year ago, September 12. She had a nature you could not help loving. A heart that was purer than gold, And to those who knew her and loved her, Her memory will never grow cold. Mr. and Mrs. Henry Grandt, Jr. and Children.

## MRS. W. W. GUILD

Adella Marie Thompson was born at Lawrence, Illinois, February 1, 1857. She spent her childhood and youth in Harvard, Illinois, and married William Wyckoff Guild September 8, 1890, since which time she has lived in Arlington Heights. They were the parents of one child, daughter, Hester L., now Mrs. Arthur G. Jenkinson of Park Ridge.

After a long illness in a hospital and later for long weeks in her home she was tenderly cared for by her sister, Mrs. Hodgkins, and her life companion, her loving daughter as she could come, assisted by a kind nurse.

Mrs. Guild was a helper in founding the library and served a time on its board. Her interests were largely in the Presbyterian church in which she joined in 1890. Served as president on various terms of The Aid Society, Missionary Society and The Woman's Club.

In all these organizations, in church and social activities, she was alive, eager, to do, enthusiastic and awake. She was a way to the genuine truth. Yet after a lifetime of observing one can only be sure that it will be mostly brass and push that gets in the lead.

It is not men of larger brain, Nor of the higher thought; Who are sure to gain, But men of brass, who have cheek to take, Who walk in boldly and win the cake.

Those who are left to miss her here are: her husband, W. W. Guild, her daughter, Mrs. Arthur Jenkinson, her sister and faithful attendant, Mrs. Mary Hodgkins, two sisters-in-law and several nieces and nephews.

O, do not sigh and do not weep Nor sad lamenting make Saying, "She is asleep!" Rejoice! She is awake!

And in her bright new home above Where harmonious anthems ring Be sure the voice you so much love Will in joyful chorus sing.

Though here to reach the sunset land You must journey on a child, She waits for you with welcome hand And her happy greeting smile.

## CARD OF THANKS

We desire to express our appreciation and sincere thanks to all who assisted and sympathized with us in our bereavement. W. W. Guild, Mr. and Mrs. Arthur S. Jenkinson, Mrs. Mrs. S. C. Hodgkins.

## Observers Notes

When I begin this writing I may as well confess: Whatever I'm indicting It's sure to prove a mess; One smart columnist rovers Comes from vacations season Making old wisecracks over Devoid of rhyme or reason. One without fame here might as well Tell tales on famous R. H. L. How could it be called treason?

See Tribune Monday, September 2 for verification of this accusation. Glad R. H. L. can put it over; long may he wave. He has done better things and I'm not saying he doesn't deserve all he gets, only we do miss the tang of his aforetime humor.

Now here comes hints of getting some one to fill in places in the movies belonging to Will Rogers. Let us plead that this shall not be. Should we not better leave the memory of Will Rogers unmarred by imitators. No matter how famous they be in their own line.

These pages are written the first week in September, and now up to the edge of the second week the weather, despite croaks and prophecies, has been delightful, cool but no hint of frost. The leaves not falling and many song birds yet with us. Why prognosticate the worst?

Fuel is the big problem with the home folks just now. One advises steam heat, one hot air, another oil, another gas. We do not propose to decide for any one which is best. We ourselves believe in hot air and an open grate. At any rate "keep the home fires burning."

Up and start home fires aglow, As you used to long ago; Give good cheer possession, Gather in some friendly folks, Let them swap wise cracks and jokes; Of varying expression.

Suggest heaps of honey things, Until joy comes on merry wings, To laugh off old depression.

Admit there's much of sadness and much to be deplored and over-much we cannot change, yet all in all it is a good old God-given man, married world with much good in it. If we see evil, we should never call evil good, set at once to act with all our ability to drive it out.

Don't make too big a "wow" over a mistake you find in some bit of news you are concerned about, think about how often the most correct of us miss, or fail to observe details. Heard a man once say when asked the color of his wife's eyes, he could be sure, they were either brown or black, or possibly they were blue. Yet we all knew that to him they were the brightest, clearest eyes in all the world. Not analyzed in detail.

So much clamor just now, and on and on, about parties, politics and isms, one is bewildered to find a way to the genuine truth. Yet after a lifetime of observing one can only be sure that it will be mostly brass and push that gets in the lead.

It is not men of larger brain, Nor of the higher thought; Who are sure to gain, But men of brass, who have cheek to take, Who walk in boldly and win the cake.

Those who are left to miss her here are: her husband, W. W. Guild, her daughter, Mrs. Arthur Jenkinson, her sister and faithful attendant, Mrs. Mary Hodgkins, two sisters-in-law and several nieces and nephews.

O, do not sigh and do not weep Nor sad lamenting make Saying, "She is asleep!" Rejoice! She is awake!

And in her bright new home above Where harmonious anthems ring Be sure the voice you so much love Will in joyful chorus sing.

Though here to reach the sunset land You must journey on a child, She waits for you with welcome hand And her happy greeting smile.

You may be clever and keen of wit,  
You may have gumption and go and grit;  
Live a fair, square life, yet not one whit  
Will it sway the balance, well you know  
The man of cheek will be it!

Cheer up! The women are on the map, and the whole regime is to be changed and instead of brass we will have steel set with gold grit and brains. Hear Mrs. Simons speak with sound sense for truth and justice. Hear Mrs. Barstows address to the textile workers and other women now lending help to the cause of right and justice, and the preservation of the Constitution and Liberty for all in our nation, who preserve it in truth.

Autumn is waving her banners just off the few passing September days. Our native flowers are the flower show activities, bearing their preservation in mind? Too many have been destroyed. We look with hope to these organized flower lovers to keep guard over and bring back our old favorites. The asters, gentians, cardinal flower and others now scarcely to be found where once they made glad prairie and woodland.

Now comes the glory of autumn days, When golden rod and actor rule supreme, And glittering crowns of rose and purple gleam; As well from woodland walks as broad highways, Yet shall the blue-eyed gentian look, Through fringed lids to heaven, And the pale aster, in the brook, Shall see its image given, The woods shall wear their robes of praise.

The south wind softly sighs; And sweet, calm days in golden haze, Melt down the Amber sky.

Speaking kindly of others does not mean we should fail to be outspoken to condemn evil, especially where our silence or influence we permit, for selfish purposes, iniquity to pass unrebuked. This is making bearing false witness; this is making terms with unrighteousness, endangering the safety of many for a mistaken kindness to one.

Once heard one man say to another, "You seemed to approve of that person, on that account I trusted him, and he has wrought much danger to me and mine. A word from you would have saved me from all this."

After all the only safe rule is to "prove all things and hold fast that which is good." To speak gently to the erring, to be kindly affectioned one toward another.

Consideration  
Then speak no ill, a kindly word, Can never leave a sting behind; And O, to breathe each tale we've heard, Is far beneath a noble mind; Then speak no ill, but lenient be To other's failings, as your own, Be not the first to make it known, For life is as a passing day, No one can tell how brief its span; Then, O, the little while we stay, Let's speak of all best we can.

People do tell such differing tales about incidents of every-day life, about friends and neighbors and "all it not in gath" about family affairs who can know the truth? Just now we are sad and depressed over the sad news coming to us since the foregoing notes were written.

Deaths which have taken several of our first neighbors and friends of long ago.

One of our very own, and one dear as any own could be. These passing from earth life, will be given in another column. The whole town should mourn for these who have been called home. Of this it is impossible to write now. I will, when strength is given. It was a cross, to be unable to go to those who mourn.

Lack of harmony in home and family relations, create hard feelings, misunderstandings and quarrels, even death does not bind us together as it should. So now in neighborhood, town, state and nation we find arguments, disputes and threats of war disturb the whole wide world. We long for peace, we pray for peace, yet are we in our own lives preparing for "The Prince of Peace?"

"Behold upon the mountain top the feet of Him that bringeth good tidings, that publisheth peace." Are we ready, are we preparing in our own home, town or nation to live "The Golden Rule" to make our hearts and lives messengers of world peace.

The newspapers, the radio and all that gives expression to "The wrath of man" do not savour of peace. Threats, defiance and challenges for war. God lead us into His peace, good will on earth to-day!

Here is just a happy thought, While for Peace we pray, How was it, we ever got our war, anyway? Was it not envy and hate Led us into that sad state?

Listen! Out here on the lawn, There grow flowers of every hue, From the sunrise to the dawn, Blossoming the whole year through. Some are large and some are small, With no noted names at all.

None of them dispute the right Of the other plants to live; Not one claims by power or might, Larger space others should give, Nature's law of harmony Still rules flower, bush and tree.

So the stars in heaven above Each obey our Father's law, In their order still to move, Thus, according to God's law Never ceasing from their order, Or encroaching o'er the border.

Harmony and order reign In the forest and the field; On the meadow and the plain, Each to law and order yield; Nature's law they all obey, Growing into harmony.

Alas! for poor humanity, Never in its place content; Longing for so much they see Should be with their holdings blent, What we want, in greed we take, Wild dissensions thus we make.

Thus in country, town or state, Jealousies and envies rise, Prejudice and bitter hate,

Others rights grow to despise; Till through shrewd fake legal claim, Take their holdings without blame.

Until all mankind obey, God's law, as nature, children do. How can we sincerely pray When we are ourselves untrue? Ruled by greed, envy and hate, How we of Peace pacts prate?

Let us here resolve to be, Loving, kind, abedient still, Yielding in that harmony, That bring in "God's peace, good will."

Giving each a rightful place Of whatever tribe or race; All created of one blood, Bound by God in Brotherhood. Elinore Crisler Haynes.

**The World's Record Battle**  
The battle of Namagan, which occurred during the hostilities between Honduras and Nicaragua, in 1907, is said to be a world record in respect to the proportion of casualties of the number engaged compared with the actual time of fighting. Three thousand or more were killed in a few minutes of actual combat.

**Proteins Needed**  
Neither plants nor animals can live on carbohydrates alone. All but a few of the simplest organisms need foods that include nitrogen in their composition—the so-called proteins. There is an unlimited supply of nitrogen in the atmosphere. It comprises four-fifths of the air we breathe.

# WEEKLY SPORTS REVIEW

## Many Soft Ball Stars In Arlington Heights League

Fast ball pitching in the Arlington softball league has not hurt the hitting, according to the batting averages compiled for the past season. Thirty or more players passed the coveted three hundred mark. Sixteen hit four hundred or better and a select group of five reached five hundred. The fact that the pitching distance was shortened this year to thirty-five feet, makes these figures more impressive.

Topping the list of hitters is Art Luerssen, who led the league in total hits also. Incidentally he pitched every game for his team, while hitting in clean-up position. Earl Koppin and Albie Brodman were close behind Luerssen, but neither played a full season. Ray Chambers and Frank Szasz were almost as dangerous as the leader, as any pitcher will testify. Chambers had tremendous power, a fine eye, and plenty of confidence. Eleven bases on balls add to his record. Szasz had a slashing swing and great speed on the bases. He was never in a slump and was shut out only once in the season, by Luerssen in the first game played. Even then he scored twice. Louis Brodman, accounted by many as the most dangerous hitter in the league, was never stopped. Toby Stankovitz is another Roehler player whom no pitcher could get by. He hit safely in all twelve games, as did A. Brodman in his eight appearances. Tom Vadrak, Red Koelling, and Walter Meyer furnished the fans with many thrills during the season as they blasted out long drives for extra base hits. They were the despair of the pitchers. Meyer led the league in free travel to first. Little Carl Granzin deserves a fine hand for his coolness at the plate. An average of three hundred eighty-nine and seven passes attest his skill. His brother, Glen, hit almost as well, while pitching competently. Any omissions from the list of leading hitters should be charged to the difficulty of collecting the material.

Among the pitchers Luerssen was tops. His team fielded well back of him and they easily had the best defensive record. Art collected

nineteen, eighteen, and seventeen strike-outs in his three best efforts. Lack of a good slow-ball was his weakness. Baldwin's pitching skill and experience made him a close second. He had the swingers breaking their backs on his slow ones and had enough speed to get out of trouble when men were on bases. When Muran had control he was as tough to beat as Luerssen. Stipp pitched with the best of them at times and had a good strike-out record. He beat Sterling and Klehm for Hartmann's two second round wins.

Softball in Arlington has steadily gained favor during the three years of play. It has afforded sport for over one hundred twenty-five players, and entertainment for many others. In spite of many difficulties the league is going strong. Managers and players are already laying plans for next season, which should prove even more successful.

## Red Wings To Meet Chapman Motors Sunday

The Red Wings, who were rained out on Labor Day and also last Sunday, will again get back to work when they take on the Chapman Motors from Evanston this Sunday. This team, a very strong member of the Mid-west League, has lost very few games this year; so it looks like Schaefer or Diederich, whoever starts against this team, will have to be at his best to insure a Red Wing victory.

Schaefer and Diederich are getting stronger and stronger as the season goes along and with the help of W. Meyer, who made his first come-back, since the first of the year, against Mt. Prospect, last Sunday should make up a nice pitching staff for the rest of the season. In the Red Wings last game on Sept. 1, Schaefer had too much speed for Mt. Prospect and allowed but one hit for the first six innings. Meyer finished the game and gave a fine account of himself. The final score was 12 to 1. Bolte, who made four hits and walked with three did the heavy slugging for the Red Wings.

Don't miss the Chapman Motors game at the south side grounds Sunday, this will be one of the three last games of the season, the other two being with Harlem Greys of Chicago and the Glen Ellyn Reds, so if you want to see the strongest Red Wing team of the season, the club existed, don't miss these games. The boys playing great ball all season would like nothing better than a big turnout for their final games, so come out and root for a team made up of only local talent.

## Little World Series At Rahl's Sunday

The "Little World Series" which was to have opened at Rahl's park, north of Bartlett, last Sunday was postponed because of rain. A baseball tournament which is to decide the championship team in the Roselle-Schaumburg-Bartlett area will swing into action at 1 o'clock sharp this Sunday. Two five-inning games will decide which two teams will play the nine-inning game for the championship.

Competing teams are the Roselle Merchants, Schaumburg Robins, Bartlett Cubs and Wayne Boosters.

"Neither Fish, Flesh, Herring" The expression, neither fish, flesh, nor good red herring means suitable for no class of people; fit for no particular use. Not fish, food for the monk; not flesh, food for people generally; not red herring, food for the poor.

## Arlington Hi Looking for New Football Recruits

HELP WANTED! At least seven football players, two ends; one guard; one fullback; two halfbacks, and one quarterback. Also some fairly able substitutes; need not necessarily be experienced. Special inducements offered to anyone over 130 lbs. in weight. Report to Coaches Grose and Chambers at the Arlington Heights High School any evening at 3:45.

This is the ad being broadcast at Arlington the past two weeks. With the ranks of last year's conference championship team riddled by graduation, and with three under-graduate regulars upon whom great hopes rested, leaving the school or squad, a big task is ahead to piece together a lineup sufficiently strong to have any hopes of a winner this year.

A quartet of boys who saw service last year are left. Capt. Mick Masny, husky center; his brother, Ott and Bill Harrah, tackles and Tony Scolaro, a guard, are the experienced ones left for heavy duty. Some reserve backs who occasionally broke into last year's backfield are available but they saw so little service that it is hard to tell just what they will do under the pressure of constant competition as regulars. However, in the practice so far these boys while quite light, are showing remarkable improvement in their fundamentals, and a world of enthusiasm.

In fact the whole squad of forty some odd boys are settling down to genuine hard work with a liking for it. This quality has marked the Arlington squads for the past few years and has undoubtedly been largely responsible for the extraordinary success Arlington teams have had the past few seasons.

## DETROIT TRIP AT STAKE IN LUTH. PLAYOFF

Last Sunday's Game Called on Account of Rain

Mt. Prospect Story

The St. Paul's baseball team and Bethlehem of Chicago will make another attempt to get their championship series under way Sunday, Sept. 15, at the American Giants Park, 39th street and Wentworth. The first game last Sunday was called because of rain. The game will start at 3 p. m., and will be preceded by the Junior championship game at 1 p. m. This proves to be a very interesting series for the Mt. Prospect boys for instead of just playing for the championship of the city, they get a trip to Detroit to play the champions of that city with all expenses paid.

The rain of last week was very welcome to Verne Soenksen for it gave him a needed rest. This will let the Mt. Prospect team take the field Sunday with their full strength. Tickets for the game can be had from any member of the team. The children's list will have to be purchased at the park.

Let's have some of the Mt. Prospect rooters out next Sunday to root for the team.

**400 Continues**

**To Set Records**

**For Traffic**

The "400" and the "Flambeau" high speed trains of the Chicago and North Western railway, both broke all their previous records for passengers handled during the month of August, figures compiled

by R. Thomson, passenger traffic manager of the road, show.

The "400," 390 minute flier running between Chicago and St. Paul, Minneapolis via Milwaukee, topped its high month when it carried 1,085 more passengers in August than in February, its previous high month. The increase is more striking because February was a month in which the "400" was the only mile-a-minute train between Chicago and the Twin Cities.

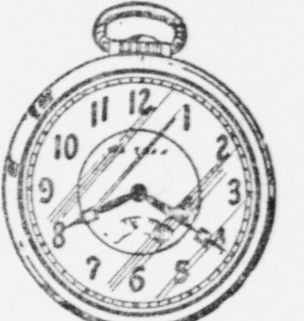

The "Flambeau," fast Friday afternoon train to the North Woods vacation region, which was put on as an experiment, has operated in two sections every Friday out of Chicago since July 19th and, due to its popularity, will be operated throughout September. On the Friday before Labor Day, nearly 400 passengers rode the two section of this train to the lake region.

A survey of passengers on the "Flambeau" reveals that many are people who formerly drove their cars to the North Woods. The train returns every Sunday afternoon.

Through business between Chicago and Milwaukee and the Twin Cities is still the dominant portion of the business carried on the "400," according to Mr. Thomson, although the connecting service at Eau Claire, the added stop at South Beaver Dam and the feeder service

into Adams, Wisconsin, a regular stop of the train, have proven to be popular.

## Jewelry Watch & Clock Repairing

The life of a watch can be doubled if it is given the proper care. See Mr. Richert at the Richert Jewelry Store every so often and let him give your watch the "once over."

## PURNELL - WILSON

## THE SAFEST PLACE TO BUY USED CARS

WE ARE DETERMINED to maintain our reputation for FAIR AND SQUARE DEALINGS.

That's why you take no chances when you buy your Used Car from us.

**The Very Latest**

## 1935 FORD V-8 DEMONSTRATORS

Driven an average of 2,000 miles apiece. Offering brand new mileage without the usual breaking-in process. These cars are under the constant eye of our mechanical department; oil changed at the proper intervals; all batteries, brakes, shock absorbers inspected and serviced; grease always at proper consistency. Color combinations offer the latest and finest. Equip-

ment mostly de luxe. Interiors deeply upholstered in broad-cloth with the latest in dull-metal appointments. To you who are interested in the finest, most economical, transportation in smooth V-8 style we have a real proposition to offer you in price, terms and payments.

## FREE STATE LICENSE WITH THE FOLLOWING SEDANS

NASH "SIX" 4-DOOR SEDAN — A sensible car for limited budgets. Comparatively low mileage. Fine blue finish. Tires good for many miles. Interior well cared for. This car cost many more dollars than we ask for it. Now \$125 at \$5 down.

BUICK 1929 5-PASSENGER BROOKLYN — 4 doors. Brand new black finish and bright chromium trim. Beautiful in appearance, perfect in performance. Equipment includes 2 extra wheels and tires mounted in front fender wells. Fine tires. Roomy interior fitted in expensive mohair. Interior is reconditioned. Look this one over, it will pay you. Terms to suit you.

CADILLAC 4-DOOR TOWN SEDAN — An attractive automobile, accustomed to a country club background. Original finish of blue with black body band and trim. Well equipped with good tires and accessories, including a large size Lorraine Roadster and dress suit. Interior is custom tailored by Fisher. Power and prestige will go to the owner of this model. \$5 down will buy.

Any of the Above Cars Can Be Purchased for as low as \$5 DOWN—and Monthly Payments as Low as \$12.00

## A BIG NEW LIST OF TRADED AUTOMOBILES

SAVINGS WERE NEVER GREATER — PRICES WERE NEVER LOWER — EVERY CAR A REAL BUY

## MOUNT PROSPECT

Mrs. Wallentin Entertains Amer. Legion Auxiliary

Mount Prospect Unit No. 525, American Legion Auxiliary, will entertain at the home of Mrs. A. Wallentin, Monday, Sept. 9. Mrs. Leis, president of the Des Plaines Unit, and Mrs. Becker, rehabilitation chairman for Des Plaines were guests.

Mrs. Roger Bailey, president elect, gave a concise, instructive report of the 15th annual convention of the American Legion Auxiliary which was held in Quincy, Ill. Mrs. C. Verret, president, also attended the convention.

Mrs. G. Cunningham, rehabilitation chairman will visit Hines hospital on Wednesday, and perform the usual good work of the organization. Shortly she will visit the State Hospital at Elgin and bring the veterans chocolate bars.

Reports of the Cook County annual meeting and luncheon were given by Mrs. Bailey, Mrs. G. Cunningham and Mrs. C. Verret were also at the meeting.

At the conclusion of the meeting the hostess served delicious refreshments.

## Birthday, Wedding and Engagement Celebrated at Mecklenburg's

On Saturday, September 7, the Fred Mecklenburg family, at 9 So. Wille street, had a celebration with a three-fold purpose. Mrs. Fred Mecklenburg was celebrating her seventieth birthday, Henry Mecklenburg, son of Mr. and Mrs. Fred Mecklenburg, was married to Lucille Boss, and the engagement of the daughter, Christina Marie to Frederick Lantz of West Dundee, Illinois, was announced.

Sisters and brothers, and a group of friends of the family were present to celebrate, joining in good wishes to the parents, their son and his wife, and to the daughter and her fiancé.

## V.F.W. Aux. Gives 10th Anniv. Party; To Hold Card Party Tues.

The Ladies Auxiliary to the Veterans of Foreign Wars entertained the members of Prospect Post No. 1337, V. F. W., at their 10th anniversary party Saturday evening at the V. F. W. hall.

Dancing was the main feature of the evening. The refreshments consisted of potato salad, frankfurts, sandwiches, home-made cakes, pickles and relishes.

A card and bunco party will be held by the Auxiliary on Tuesday afternoon, September 17. A dessert luncheon will be served at 1:30 p. m. You are all invited to attend. The tickets can be obtained from any member and will include the dessert luncheon. Why not make up a table, bring your friends and enjoy the afternoon at the club house? Table prices.

## Woman's Circle Date

The next meeting of the Woman's Circle will be held at the home of Mrs. Warner, 504 S. Elmhurst road Wednesday evening, Sept. 18, at 8 p. m. An interesting program has been arranged.

## Meeting Monday to Form Mixed Bowling League Masonic Club

The Mt. Prospect Recreation announce a meeting to organize a mixed league on Monday evening, Sept. 16, 8:30 p. m. All men and women interested in joining this league are urged to attend, as the League will start bowling on the following Monday.

## Silo May Be Used To Store Surplus Hay for Winter

Urbana, Ill., Sept. 10. Since hay mows are already bulging with good legume hay, silos probably will be pressed into the unusual service of furnishing storage space for much of the additional hay crops being raised in Illinois this year, said W. B. Nevins, associate chief in dairy cattle feeding at the College of Agriculture, University of Illinois.

Contrary to the popular opinion, most legume hays make excellent silage for dairy cows if handled in the right way, Nevins declared. Alfalfa, soybeans and the various clovers, all of which are growing in abundance in the state this year, can be made into palatable, nutritious ensilage.

The only difficulty with legumes as silage is that they will develop a strong, unpleasant odor and become unpalatable if put into the silo too green. This is caused by deterioration of the large amount of protein in such crops. The condition not only reduces the feeding value of the ensilage, but also is likely to taint the milk, since the odor will pervade the entire barn. Some of the taint also is carried to the milk from the silage eaten by the cows.

Allowing the legume hay to wilt and dry out after it is cut will help prevent the unpleasant odor and taste. The surest method of preventing the development of these damaging qualities, however, is to mix fairly green corn with the legumes half-and-half by weight or not less than one load of green corn to two loads of legumes.

### NOTICE

Take notice that an application for retail liquor dealer's license outside incorporated village or town in Cook County has been made by the following:

Iver P. Halseh, "Du-Rand Dells" location Rand and Dundee Roads, Route No. 1, Palatine, Illinois.

John Loring, "Marigold Tavern" location Rand and Hicks Roads, Palatine, Illinois.

Objections to the granting of such licenses may be made to the president of the County Board as local liquor control commissioner in writing and signed by the objector within five days stating specifically the grounds of objection.

CLAYTON F. SMITH, Cook County Liquor Control Commissioner, 523 County Building, Chicago, Ill. (9-13)

## ADOPT NEW BASIS FOR MILK PRICE

Producers to Get \$1.75 for  
Class 1 Milk; New Plan  
Welcomed by Farmers

The Pure Milk Association has adopted a new 90 per cent of base payment plan for its membership, it was officially revealed today by Association officials in announcing a drop in the Class 1 price paid producers for 3.5 milk from \$2.20 to \$1.75 effective September 1.

This action was taken in accordance with the recommendation of the Advisory Committee of the Association at a recent meeting held in Chicago on August 30, when the Board of Directors was advised to adopt the plan and negotiate for price.

The Advisory Committee is made up of approximately 300 local leaders of the Association.

The new plan embodies the following features:

(a) Payment to the milk producer of \$1.75 per hundred pounds for all 3.5 Class 1 milk sold by distributors buying milk from the Association.

(b) Payment of the condensary price to the producers for all milk delivered over Class 1 up to 90 per cent of established base.

(c) Payment to the producers the butterfat price plus four cents for all milk delivered over 90 per cent of established base.

Under the new plan, the Association will still receive sales reports made by the distributors each month, which will be verified by an audit of the distributors' books as provided in the individual contracts with distributors.

Many Pure Milk members are welcoming this new plan, officials stated, since the producer knows in advance just what price he will get for each classification of his milk.

Members who prefer to deliver just Class I milk to market may still do so; while producers that are not able to curtail their production are assured of a better price for their surplus milk sold above the Class I price and up to 90 per cent of their established bases.

With the drop in the Class I price paid to producers, cooperating distributors have announced a drop in the retail price of milk of one cent, and the establishment of a store differential of 9 cents a quart as compared with a wagon delivery of 10 cents a quart.

Class I sales are expected to increase with the drop in price being immediately effective, and with the schools opening and customers returning from vacations.

Official announcement was not made by the Association until today because final details regarding the new payment plan and price negotiations had not been completed.

### Must Be Good Dancers

At the United States Military Academy at West Point, one important course which must be taken by future army officers—for four years if necessary to attain proficiency—is ballroom dancing. — Collier's Weekly.

Oldest Zoo Organization  
The Zoological Society of Philadelphia was incorporated in 1830, and is the first organization formed in this country for the purpose of maintaining a zoological garden.

### Nature-Fakers

Artists who paint billowy, fair-weather clouds with rounded bases are nature-faking, says one meteorologist; such clouds have flat bases, and all on one level.

BRING YOUR WHEAT TO OUR MILL IN EXCHANGE FOR FLOUR

This will explain the profit you can make by exchanging your Wheat for Flour instead of selling your Wheat and buying the Flour.

We are giving 36 pounds of Flour for a bushel of clean Wheat. With the flour price at \$6.40 per barrel this is worth \$1.15. If you sell your Wheat it will bring only about 85c per bushel. Your profit is 30c per bushel.
